EFI, NH ENERGY STAR Refrigerator
40 Washington St., Suite 2000
Westborough, MA 01581

REFRIGERATOR BEST PRACTICES

Set the appropriate temperature

Keep your refrigerator at 35–38°F.

Place your fridge in a cool place

Position your refrigerator away from heat sources such as an oven, a dishwasher or direct sunlight from a window.

Allow air circulation behind the fridge

Leave a few inches between the wall and the refrigerator, and keep the condenser coils clean if you have an older model.

Check the door seals

Make sure the refrigerator seals around the door are airtight. If not, replace them.

Keep the door closed

Minimize the amount of time the refrigerator door is open.

Congratulations on your decision to buy an ENERGY STAR certified refrigerator. Please fill out completely. All information below is required.
