### **Glossary of Terms & Definitions**

#### **Electric Rate Definitions**

**Customer Charge**: A monthly fixed charge that recovers the cost of metering, meter reading and preparing and mailing your bill. The Customer Charge does not change when your electric use increases or decreases.

**Delivery Charge**: This charge covers the costs of delivering electricity to you, including transmission costs and costs of providing and maintaining an electric system (poles, wires, transformers and substations) which is capable of serving your needs.

**Due Date**: your payment is due 25 days following the date postmarked on the bill. For residential customers, amounts not paid prior to the due date will be subject to a late charge of 1% per month on the unpaid balance (equivalent to a 12% annual rate). For non-residential customers, amounts not paid prior to the due date will be subject to a late charge of 1.5% per month on the unpaid balance (equivalent to an 18% annual rate).

**Demand Charge**: The charge that recovers certain costs which vary with the demand for, or the rate at which, general service customers consume electricity. Electric demand is expressed in kilowatts (kW) or in kilovolt amperes (kVA).

**kWh**: the electricity you use is measured in units called Kilowatt-hours (kWh). One kWh equals the amount of electricity needed to light a 100-watt light bulb for 10 hours.

Meter Constant: the number by which the reading on certain meters must be multiplied to obtain the total usage.

Mid-Peak kWh: Monday – Friday 6 A.M. - 3 P.M., excluding Weekday Holidays (Holidays observed by the State of New Hampshire pursuant to NH RSA 288:1)

Off-Peak kWh: Monday - Friday 8 P.M. - 6 A.M. and All Day Weekends and Weekday Holidays (Holidays observed by the State of New Hampshire pursuant to NH RSA 288:1).

**On-Peak kWh**: Monday - Friday 3 P.M. - 8 P.M., excluding Weekday Holidays (Holidays observed by the State of New Hampshire pursuant to NH RSA 288:1).

System Benefits Charge: The charge that covers the costs associated with the statewide low-income electric assistance program and energy efficiency programs provided by the Company.

Stranded Cost Charge: This charge covers the costs associated with purchased power contract obligations that existed prior to restructuring.

Energy Service Charge: This charge covers the cost of power supplied to you by Unitil. This service is available to customers that return to Unitil for their energy supply after receiving energy supply service from a Competitive Supplier.

**Terms of Payment**: The charges for service under these rates are net, billed monthly and due in 25 days following the date postmarked on the bill. Amounts not paid prior to the due date shall be subject to a late payment charge of one percent (1%) per month on the unpaid balance.

#### **Typical Rate Change Dates:**

Delivery Charge - August 1

System Benefits Charge - January 1

Stranded Cost Charge - August 1

Fixed Energy Service Charge - February 1 and August 1

Variable Energy Service Charge - Monthly

In addition to the Typical Rate Change Dates, customers choosing to take service under Schedule TOU-D, TOU-EV-D, TOU-EV-G2, and TOU-EV-G1 will also see changes to their Delivery Charge, and their Fixed Energy Charge (if chosen, and applicable), on June 1 and December 1 each year to reflect seasonal ratios.

#### **Additional Information**

If you have any questions about our rates, please contact our Customer Service Department on-line or by calling toll-free at **1-888-301-7700**. Complete copies of the rate schedules, including all terms and conditions, are available on request.
