NOTICE OF FILING AND REQUEST FOR COMMENTS

D.P.U. 19-112

October 1, 2019

Petition of Fitchburg Gas and Electric Light Company d/b/a Unitil for review and approval of its basic service costs adder rate adjustment for effect December 1, 2019.

On September 3, 2019, Fitchburg Gas and Electric Light Company d/b/a Unitil (“Company”) filed with the Department of Public Utilities (“Department”), its annual basic service costs adder (“BSCA”) rate adjustment and reconciliation filing. The Department docketed this matter as D.P.U. 19-112.

The Company proposes to recover through its BSCA the reconciliation of its electric supply-related costs and revenues from June 2018 through May 2019 and its supply-related forecasted costs from December 2019 through November 2020, which include: (1) cash working capital; (2) bad debt; (3) hardship protected account payments; (4) administration of basic service; (5) conducting the competitive bidding processes; and (6) regulatory compliance.

The Company proposes a BSCA of \$0.00635 per kilowatt-hour (“kWh”) to take effect on December 1, 2019 for all customer classes, an increase of \$0.00254 per kWh from the current rate. As a result of the proposed change to the BSCA, a typical average basic service residential customer using 600 kWh per month would experience a bill increase of approximately \$1.52, or 1.6 percent per month. The Company states that the impact for the average customer for each rate class on basic service will range from an increase of 1.5 percent to an increase of 4.5 percent depending on class and usage. For specific bill impacts, please contact the Company as shown below.
