

IMPORTANT CUSTOMER NOTICE

Many of our customers pay their utility bills directly to Unitil or use a payment agent authorized by Unitil to collect payments and forward them to us. However, some customers use bill payment services that do not have any arrangements with Unitil. We cannot assure that payments made through these unauthorized bill payment services will be forwarded to Unitil in a timely manner, or even that they will be forwarded at all.

To protect yourself and your utility service, please use caution when making your payment through a third-party bill payment service that is not authorized by Unitil.

We offer you the flexibility of paying your bill by mail, in person at the locations listed on this here, or through any of our automated payment options — all free of charge.

For more information on these payment options, please visit our website at: unitil.com/waystopay

**If you prefer, you may call us directly. Capital Region customers may call us at 1-800-852-3339.
In the Seacoast Region, call 1-800-582-7276.**
